

Title of abstract in Arial font: size14 point, centered paragraph

¹*Author, A.A., ²Second-Author, B.B., ³Third, C.C. & ⁴So-on, D.D. *Lead presenter

The main text, including the authors' names, should be formatted in the Times New Roman font. Use 14-point font size for the authors' names and 12-point font size for the remainder of the abstract. Kindly type or paste your text into this file, ensuring that the page margins remain consistent at 2.5 cm on all sides. All paragraphs should be justified, with straight edges on both the left and right sides.

Please use single-line spacing and leave one blank line between paragraphs to enhance readability. If you wish to insert a figure, utilize the "Insert Picture" command and choose "Paste Special" as an enhanced metafile for ease of handling. You may allow the text to flow around the figure but ensure to include a caption for the figure.

The deadline for abstract submission is **May 15, 2025**. While there is no fee for submitting an abstract, abstracts will only be included in the program if the registration fee is fully paid by **May 11, 2025**.

If you require formal acceptance of your abstract to secure funding for attending the conference, please indicate this in your email when submitting your abstract. The organizing team will provide a prompt response.

Given the anticipated high volume of abstracts with requests for oral presentations, the organizers may not accommodate all such preferences. Authors will be informed of the status of their submissions (oral or poster presentation) by **May 15, 2025**. The conference schedule will include ample opportunities for poster discussions.

Abstracts are limited to one page, and submissions not adhering to the specified formatting requirements will be returned. The organizing committee reserves the right to edit abstracts for clarity or language accuracy. In cases where significant changes are necessary, the author will be consulted.
